Advanced craftsmanship redefined elegance and performance in an all-in-one speaker

Real leather, brushed aluminum and ceramics bond to create a masterpiece of strength and portable fidelity at its finest – an inter-connective, on-the-go accessory capable of speaking for itself – quite literally.

The ultra-thin speaker to take your music anywhere

Harman Kardon's Esquire Mini is both thin and durable – built to go everywhere you go – and to places you've never been before. With its slim, uni-body design and reliance on premium materials – featuring real leather-backing, aluminum finish, and scratch-resistant, ceramic-coated speaker grille – you'll find yourself in upscale company.

Rechargeable battery with 8-hour playtime and USB for charging external devices

If remaining wireless is essential, it's even sweeter to be unplugged as well. Esquire Mini's built-in Li-ion battery lets you play your music wirelessly for up to 8 hours at a time while allowing you to recharge your favorite devices through its handy USB port.

Wireless Bluetooth® stereo streaming

Stay connected to your favorite devices with ease with simple Bluetooth® stereo music streaming. Listen to your music in expert fidelity – take a call – and back again, thanks to wireless technology.

Versatile, dual-microphone conferencing system with echo and noise cancelation technology

Stay in touch as if everyone was together in the same room, given the top quality sound and noise cancelation built into Esquire Mini's slender size – with up to 8 hours of rechargeable power should the call catch you between electrical power sources.
